

Lightning Release Notes

October 2021

As part of our commitment to continuous improvement, we are constantly developing and enhancing our technology and services along with listening to feedback from you, our important customers.

We are delighted to share some new functionality and enhancements which will be live in the system and available from **Tuesday 26th October**.

We would be grateful if you could share this update with your bookers and travellers and if you have any feedback or suggestions, please get in touch with our Business Support team at North.bsu@travelctm.com

New Features/Enhancements

Flight Results show Limited Availability

A new feature has been introduced to our flight product within Lightning once the results page appears, if any of the displayed fares have 9 seats or less available this will be identified to the user.
